Harshal Rajput

Web Designer

Web designer building fast, modern websites for brands, startups and businesses.

PORTFOLIO

harshal-rajput.pages.dev/new

LOCATION

Wardha, Maharashtra, India

FREELANCE

Fiverr · Upwork

ABOUT

I design and build websites that make a business look as good as it really is: product launches, company sites, hospitals, restaurants and institutes. Mobile-first, clean and quick to load. You see the design first, then I build it.

SELECTED WORK · DESIGN CONCEPTS

Avira Multispeciality Hospital

Concept · Healthcare

Department pages, doctor profiles, slot-based booking and an insurance checker.

harshal-rajput.pages.dev/demo-hospital →

Ledgerly

Concept · SaaS / Fintech

Product landing page with a live-feeling dashboard, feature bento and plans.

harshal-rajput.pages.dev/demo-fintech →

Meridian Heights

Concept · Real estate

Luxury launch site with interactive floor plans, amenities and a site-visit form.

harshal-rajput.pages.dev/demo-realty →

Brew Street Cafe

Concept · Hospitality

Tap-through menu, live hours, today's special and reserve-a-table.

harshal-rajput.pages.dev/demo-cafe →

Vidya Coaching Classes

Concept · Education

Batch timetable, subject cards, notice board and free-demo booking.

harshal-rajput.pages.dev/demo-coaching →

See them live

Every concept is a working site you can open and tap through on a phone.

B.Tech, Computer Engineering

Bapurao Deshmukh College of Engineering (BDCE),
Sevagram, Wardha · first year, in progress

WHAT I BUILD

- Brand & company websites
- Product landing pages
- Business websites
- Website redesigns
- Booking & lead flows

All projects shown are design concepts, not client work.
